OBJECTIVE

I am a passionate AI Developer with a strong foundation in Python. I'm particularly motivated by AI's ability to solve real-world problems at scale, and I actively work on projects that combine data, code, and practical impact. I am focused on continuous learning, writing clean and efficient code, and contributing to meaningful AI-driven products as I grow as a developer.

EDUCATION

Bachelor of Science in IT (B.Sc. IT) - K.P.B Hinduja College - 9.47 CGPI 2019 - 2022

SKILLS

Programming	Python, JavaScript, PHP
AI & ML	PyTorch, scikit-learn, Transformers, NLP, RAG, Tesseract OCR
Data	Pandas, NumPy, Feature Engineering, Model Evaluation
Backend	FastAPI, Node.js
Frontend	React, Tailwind CSS, GSAP
Database	MySQL
Tools	Git, GitHub

EXPERIENCE

Web Developer → Senior Developer Jan 2023 – Aug 2025
Gain Skills Business Media Pvt Ltd. *Mira Road, Mumbai, Maharashtra*

- Developed themed, responsive event landing pages with optimized user signup flows using PHP and MySQL
- Implemented analytics tracking with Google Analytics and Microsoft Clarity to support marketing insights
- Managed domain, hosting, and email infrastructure via Google Workspace, including billing and mail server setup

PROJECTS

Multi-Modal RAG System Developed a scalable RAG system with FastAPI and Qdrant, separating ingestion and query pipelines to optimize latency and performance. (github.com/harsh1214/multi-modal-rag-system)

California Housing Price Prediction Built and deployed a Random Forest regression model for California housing prices using scikit-learn, evaluated with RMSE/R² (Streamlit + Render) (github.com/harsh1214/house-pricing-california) & (house-pricing-california.onrender.com)

NLP Feedback Analyzer for Restaurants An end-to-end Aspect-Based Sentiment Analysis (ABSA) system for restaurant feedback, built using Transformers (DistilBERT) and deployed with FastAPI and a lightweight HTML + Tailwind CSS UI. (github.com/harsh1214/feedback-analyzer) & (feedback-analyzer-e5a4.onrender.com)

CERTIFICATIONS & ACHIEVEMENTS

- Employee Of the Year
- Best Technical & Innovation of the Year
